Dear Colleague

We are pleased to invite you to the fifth ESCP Scientific and Annual General Meeting of the ESCP at the Hilton Sorrento Palace Hotel in Sorrento, Italy. ESCP is dedicated to promoting and advancing the science, knowledge and practice of Coloproctology with high quality multidisciplinary annual clinical and scientific meetings.

Our program this year commences with a choice of pre-meeting workshops on Wednesday 22 September, the popular Core Subject Update and Anorectal & Pelvic Floor Ultrasound courses are both back, and in addition for the first time this year, there will be a Trainee Workshop on Wednesday afternoon. There will be five "State of the Art" lectures delivered by recognized experts in the field, each followed by discussion. Free Papers and Oral Poster presentations will take place in parallel sessions, so that again, all main symposia and keynote lectures are plenary which was appreciated by all at the meeting in Prague last year.

The official opening on Thursday morning will be followed by a video-surgery session using video presentations by invited presenters with interactive chairmanship and discussion from the floor. The Trials Symposium is back again, featuring submitted trial abstracts, selected on merit by the ESCP Research Committee. These abstracts too will be included in the *Colorectal Disease* supplement featuring all accepted abstracts, available at the meeting in September and online.

Symposia will cover sphincter preservation in low rectal cancer, anorectal malformations, technical advances, modern treatment of acute colitis and peritoneal carcinomatosis. As usual the meeting will also include the Six Best Papers and "Consultants' Corner".

Sorrento provides a most splendid setting in which to hold the event, as ESCP's scientific program goes from strength to strength, the level of interest in the meeting is already exceeding our expectations! We hope very much to see you there – and don't forget, book early!

There are also relaxed cafés and restaurants in Piazza Tasso, where tables and chairs crowd the central square which is built over a magnificent gorge.

Conference Dinner at the ruins of Pompeii: Friday 24 September

Ticket price: early price €120 up to 31 August; €135 (from 1 September)

Pompeii is located on a plateau formed by an ancient lava deposit southeast of the volcano Mt. Vesuvius. The location ensured the city's role as a center of commerce. Pompeii centre is enclosed by two miles of walls, though the city itself extended beyond the walls with suburbs that melded into fertile farmlands known for their vineyards and olive orchards. Within this beautiful countryside many wealthy Romans built their summer homes. However, it was Pompeii's proximity to Mt. Vesuvius that ensured the city's place in history.

Coach transport will be provided and will depart from the Hilton Sorrento Palace Hotel at 19:00. When you arrive in Pompeii you will have time to wander leisurely through the streets and see the old city of Pompeii. A delicious meal will be served taking in the spectacular views of the old city. Coaches will drop off at each of the official hotels on return to Sorrento.

This is an optional dinner not included in the registration fee; we hope that you will join us for some fantastic food at this unique place that truly reflects the beauty of Italy.

The tour starts at "Tasso Square" the main square of Sorrento, and onwards to the Correale Museum of Terranova, a beautiful villa in which the Correale Counts collected many beautiful things. The museum's archeological section contains Greek, Roman and Byzantine marbles. The upper floors comprise furniture, pictures, ceramics, clocks, and 17th and 18th century Neapolitan porcelain.

Various rooms are devoted to the School of Posillipo, with paintings by Pitloo, Vianelli, Duclère, Gigante and some of the most important 19th century painters of Naples. A visit to this Museum gives one an excellent understanding of how Neapolitan decorative arts developed during that century.

At the end of the visit, the tour will return to Tasso Square and the Correale Palace, decorated with Majolica and rich in architectural and sculptural details. At the end of the tour there will be an opportunity to browse Sorrento's typical products such as Limoncello and Italian biscuits and to shop along St. Caesarian, Sorrento's main shopping area.

Sensible walking shoes are recommended, the tour will begin at the Hilton Sorrento Palace Hotel, walking down the hill to the centre of Sorrento where it begins.

Time: 14:00 – 21:00

Price per person: €80.00 early rate, €95 after 16 June

Includes coach transportation, English speaking guide, entrance fees and dinner

Amalfi is the place after which the splendid 59km winding road that weaves its way from Meta di Sorrento to Vietri sul Mare is named. The first jewel on this route is Positano with its narrow streets submerged by thousands of linen and cotton clothes that are sold in its colourful pretty little shops.

Onwards to Conca dei Marini, one finds ceramic stores located above the Emerald Grotto, with its amazing colour, here you can see remarkable stalactites and stalagmites and an underwater crib. Arriving in Amalfi you will see the impressive 13th century Cathedral with its majestic staircase of 62 steps, bell tower and museum, including the statue of St Andrew which on the 27th June each year is taken in procession out to sea.

The tour continues on to Ravello, located 350 metres above sea level. This is a special place built in Norman/Sicilian style. The tour will visit Villa Rufolo where Wagner found inspiration for the "Garden of Kingsport II" act of the Parsifal. Words cannot describe the views and the feeling when one sits on these terraces, and the Romanesque cathedral of St Pantaleone with its mosaics are the icing on the cake!

After time to take in this amazing place, the tour travels back to Sorrento by coach for dinner at "Fattoria Terranova", a farmhouse style restaurant located on the hills above Sorrento, from which you can view both the Naples and Salerno Gulfs. Return to Sorrento by coach after dinner.

The historical town of Pompeii

Excavations in Pompeii

Saturday Tour B: visit to Pompeii

Time: 14:00 – 19:00

Price per person: €50 early rate, €60 after 16 June

Includes coach transportation, English speaking guide, entrance fees

A fascinating tour revealing the story of the historical town of Pompeii. Pompeii was destroyed and completely buried during a long and severe eruption of Mount Vesuvius which lasted 2-3 days in AD79, burying the town under many meters of ash and pumice. It was lost for nearly 1700 years before its accidental rediscovery in 1748.

Since then, its excavation has provided an extraordinarily detailed insight into the life of a thriving city at the height of the Roman Empire. During this guided visit you will see the past prosperity of the town through its ruins of Roman villas, bathhouses, and temples, which have now been unearthed; even an amphitheatre has been found. Today Pompeii is one of the most popular tourist attractions of Italy, with 3 million visitors in 2009, and it is a UNESCO World Heritage Site.

A range of information can be found at www.sorrento-online.com.

Public bus service: if you have not pre-booked the ESCP Direct Shuttle, public buses run every 1.5 – 2 hours during the day from Naples International Airport. The approximate journey time is 90 minutes although it is more realistic to allow 2 hours at least during peak times. This service costs €12 and stops at the main square in Sorrento. Indirect but enjoyable alternatives to get to Sorrento are:

By rail: there are frequent trains from Naples Centrale rail station (Garibaldi Plaza), the journey time is 60-75 minutes and the cost about €3 – further details are available at www.vesuviana.it.
